

KAC-TCH-10 Meeting Room Controller

Quick Guide

1. Introduction

Thank you for purchasing AudioCodes Kramer **KAC-TCH-10 Meeting Room Controller**!

KAC-TCH-10 is a center-of-room intelligent touch controller that provides quick and complete access to AudioCodes/Kramer meeting room solutions. It enables capabilities such as one-click collaboration initiation with an integrated calendar, simple content sharing and camera adjustments, and much more, all while retaining a modest footprint on the conference room table.

The **KAC-TCH-10** leverages plug-and-play simplicity to provide a productive and familiar Microsoft Teams meeting experience, requiring only a Power-over-Ethernet (PoE) cable for quick installation. See [here](#) for detailed information.

2. Shipped Items

Make sure you received the following items in the shipped box:

- ✓ KAC-TCH-10
- ✓ Ethernet cable
- ✓ 12V 2A Power Adapter (100-240).

For Wi-fi connectivity, you must use a power adapter.

3. Positioning

Position **KAC-TCH-10** on the table for optimal management. Use this figure as reference.

4. Cabling

The interface ports of the KAC-TCH-10 are concealed by a metal plate cover for protection. Prior to cabling KAC-TCH-10, remove the cover by unscrewing the two screws, as shown below:

The KAC-TCH-10 ports are shown below:

L-R	Description
1	LAN PoE port
2	HDMI for external video ingest*
3	USB Type A Super Speed*
4	USB Type C*
5	DC Jack for 12V/2A power supply adapter

*For future implementation.

5. Powering Up (PoE)

KAC-TCH-10 receives its power from the Ethernet cable (PoE). Therefore, once you've connected the Ethernet cable to the KAC-TCH-10's network port (ETH), KAC-TCH-10 powers up.

6. Pairing KAC-TCH-10 with Teams Rooms on Android Device

To pair KAC-TCH-10 with a Microsoft Teams Rooms on Android device (e.g., AudioCodes Kramer KAC-BAR-81 or KAC-CU-200), please see KAC-TCH-10 [Meeting Room Controller Pairing Guide](#).

7. Managing KAC-TCH-10

KAC-TCH-10 is managed by AudioCodes Kramer Device Manager.

Management includes (but is not limited to):

- ✓ Monitoring
- ✓ Firmware management / upgrade
- ✓ Alarm management

8. Using KAC-TCH-10 with a Teams Rooms on Android Device

Item #	Description
1	Press the back button to return to the previous screen.
2	Press to return to the home screen or long press to open the device's Settings screen.
3	Press to access the Camera Settings screen.
4	Press to open Microsoft Teams and device settings menu.
5	Click to join a scheduled meeting.
6	Passive Infrared (PIR) motion sensor (hidden). Upon sensing motion, it wakes up the KAC-TCH-10 from screensaver mode, automatically lighting up the screen to greet the user.
7	LEDs: <ul style="list-style-type: none">■ Solid red indicates in a meeting.■ Solid green indicates the KAC-TCH-10 is online and signed in.■ Flashing red indicates incoming invite to join a meeting.

9. Advanced KAC-TCH-10 Functionality

Once the KAC-TCH-10 is paired with the Teams Rooms on Android device, on the KAC-TCH-10 you can scroll down from the top to gain access to additional functionality:

- **Teams** – refreshes the UI of the device.
- **Settings** – enters the device settings menu.
- **Camera settings** – opens the Meeting Teams Room on Android device camera settings.
- **Remote keyboard** – controls the Meeting Teams Room on Android devices.

10. Specifications

For KAC-TCH-10 technical specifications, refer to the [KAC-TCH-10 Datasheet](#).
